

Help a young person attain their driver's license in Maroubra and Marrickville

Youth Off The Streets is a not-for-profit youth organisation. We work with young people and their families and communities to create safety, offer support and provide opportunities to build a positive future.

We deliver a range of wraparound supports for young people. These include crisis accommodation and housing services, independent high schools, alcohol and other drugs counselling, youth justice support, life skills and employment programs, cultural support and community engagement, among other services.

We are a non-denominational organisation with a focus on early interventions that empower young people and strengthen communities.

About the iDrive program

The iDrive program assists young people to obtain their driver's licence by connecting them with volunteers who teach them how to drive a motor vehicle. While we do not require you to volunteer for all 120 hours, we would appreciate any available time that you have.

The young person will have completed at least 10 hours with a professional driving school before the lessons commence.

We are looking for people who:

- Are supportive, patient and understanding
- Have experience interacting with young people
- Have a valid Australian driver's licence.

What Youth Off The Streets will provide:

- A fully insured car
- Training and support

What this grants our young people:

- The opportunity to be independent
- The chance to overcome obstacles and build their resilience
- Additional access to educational and employment opportunities

If you would like to volunteer, we will arrange a working with children's check and police check.
